

PUTNAM!

\$20 per program • \$15 for members

Programs run from 9 to 11 a.m. or 1 to 3 p.m.

Blood and Guts

Saturday, Oct. 2

We're getting spooky and kooky in the lab as we explore the human body. From the acids of your stomach to the blood in your veins, it's a gore galore exploration. Discover how boo-tiful you are from the inside out!

Detective Science

Saturday, Nov. 6

Want to learn what it takes to solve crimes? We'll use real forensic science and chemistry to analyze impressions and identify unknown substances. Come search for evidence and gather clues, just like forensic detectives do!

Brainstorm and Build

Saturday, Dec. 4

Team up, test your skills, and use your imagination as you take part in design challenges. Get ready to tinker, create, invent, and innovate!

Kaboom Lab

Saturday, Jan. 8

Bang, bam, boom! We're starting this New Year off with a kaboom. We'll conduct chemical experiments with explosions, eruptions and more. So grab your safety goggles and join us in the lab.

Brave Traveler

Saturday, Feb. 5

Grab your passport, and get ready to discover weird and wonderful treasures of the world! From creatures to cultures, you won't want to miss this adventure finding artifacts and specimens from all over the world!

Engineer It!

Saturday, March 5

It takes teamwork to make the dream work. Discover the forces that make bridges and other structures strong and we'll work together to construct a bridge big enough to cross! Let's get building!

Buzzin' Buds

Saturday, April 2

Insects don't just bug us, they keep our earth buzzin' with life. Explore the world of insects- how they survive, work together, and discover what makes insects interesting!
